1891.

CHAS. A. MILLEN.

C. H. WOODWORTH.

♦ GREETING.♥

BOSTON, MASS., 1891.

W E take pleasure in presenting for your inspection, and approval, we hope, our Catalogue for 1891. Like its predecessors, it greets you as our travelling man and solicitor—the only one we employ—and is enabled to say to you, in a leisure moment, and with no addition to the cost of the goods you buy, that it represents the only house of its kind in New England, viz., that carries a full line of Building Trimmings of all kinds in stock, manufactured by ourselves, and that we sell our product direct to the people who use them, without the addition of jobbers' or retailers' profits, or travelling men's expenses. All of our work is manufactured under our own personal supervision, which accounts for our low prices and high grade of work.

WOOD MANTELS.

We call your especial attention to our line of **Wood Mantels**. You will see on the following pages cuts of mantels which are modest both in <u>design</u> and <u>price</u>, and are suitable for moderate cost homes, made of <u>well-seasoned</u> materials, and the work guaranteed.

DISCOUNTS.

Failing to see the wisdom of charging \$50 for an article we are willing to sell for \$25, and then throwing off a large discount, has always appeared to us a system of deception, for the buyer never knows whether he gets the largest or smallest discount. Therefore we have made all of our prices net, excepting Wash-stands and Mouldings. These two items have a universal discount, and you will find by comparison that our net prices are made very low.

Thankful to our old customers for past favors, and soliciting a trial from new ones, we cordially invite you to call and examine our stock. Correspondence is invited and information cheerfully given.

Yours respectfully,

C. A. Millen & Co.

We would specially call your attention to our large and varied stock of

PINE AND WHITEWOOD MOULDINGS,

which are made from the best kiln-dried stock: they are all concaved on the back, and require less labor putting them on than those manufactured by other houses.

We also have a fine assortment of Walnut, Ash, and Cherry Mouldings, for cabinet-makers' use.

Below we give prices of Soft and Hard Wood Mouldings, per running foot:—

Soft Pine, -	-	-	-	-	- '	-	1 cent	per inch	1.
Hard Pine, -	-		1	-	-	-	1 "		
Whitewood,	-	-	- 11	-	- 12	-	1 "	66 66	
Ash,									
Maple, -									
Gumwood, -									
Mahogany,									
Butternut, -									
Black Walnut	-		-	-	-	-	2 "	"	
Cherry, -	-	-		1 2 3	-	-	2 "	"	

ALL MOULDINGS SUBJECT TO DISCOUNT.

Our store is on the east side of Boston and Maine Passenger Depot.

ROOM MOULDINGS

TO HANG PICTURES ON.

We have a great variety in Black Walnut, Pine, Ash, Cherry, Plain and Striped Gilt.

HOOKS FOR SAME ALWAYS ON HAND.

HARD PINE STOP BEADS.

We keep these in long lengths, and cut them up any desired length; thus we are enabled to give our customers any odd lengths should they desire them.

Other styles and sizes in stock. We have a 2×2 Baluster in stock for 7 cents.

DIRECTIONS

For Ordering Stair-Work.

- 1. Give number and sizes of Newel Post, Rail, and Balusters; what Frame-post is wanted, if any. It would be well, when ordering, to give a sketch or drawing of stairs.
- 2. In ordering give us the exact rise and run of your Stringer as sawed in the rough.
 - 3. Give number of Risers instead of number of steps.
- 4. Length of Rail on Gallery, measuring from face of gallery-board,—we allowing for all projections of nosings.
- 5. If the stairs are straight, with a continued rail, at landing, state how much the well-hole sets in back of the face of the top riser, giving the radius of well-hole; and if landing-post is to be used, state if well-hole is square,—if not, give the radius,
- 6. If the stairs are circular, make a diagram, and give the exact width of each step on face stringer, as sawed, giving size of well-hole.
- 7. In all cases state whether the Rail is on the right or left hand going up stairs; and which is wanted, Straight or Side Ease.
- 8. In ordering Posts that go through the floor, give width of stringer and depth of floor timber.

ALL SIZES OF PINE ROSETTES.

STAIR-WORK.

In this department we defy competition. We carry the largest stock of

Built and Turned Newels, Rails, and Balusters,

of any house in Boston. We make Turns, Ease Offs, Ramps, Etc., which we warrant to fit in every case where the measurements are correctly given.

Our facilities for getting out $\ensuremath{\mathsf{STAIR}}$ Work is such that we can fill orders very promptly.

We keep on hand

Rail Brackets,

for Side-Rails, Rail-Plates, and Joint-Bolts.

On the following pages will be seen cuts of built and turned Newels, which we keep in stock in Walnut, Cherry Ash and Whitewood.

Other designs made to order at short notice.

A personal inspection of our work is solicited.
